

Public Exams Guidance for Students, Parents and Guardians

Summer 2025

Introduction

It is the aim of Purcell School to make the examination experience as smooth and successful as possible for all candidates.

We are committed to ensuring that candidates are fully briefed on the examination and assessment process and are made aware of the Joint Council for Qualifications (JCQ) & Cambridge (CIE) regulations. The examination boards (awarding bodies) set down strict criteria, which must be followed, and Purcell School must follow them precisely. You should therefore pay particular attention to the JCQ & CIE information in this booklet. The information is emailed to all students during the autumn term.

Examination information is available on the 'Exams Office' notice board and on the school website.

Exam Dates 2025

Purcell's written exam timetable runs between 29th April - 21st June 2025

JCQ Contingency Days - Wednesday 11th June PM and Wednesday 25th June AM & PM

You need to be available to come into school up to and including this date. You will not be eligible to apply for special consideration if you miss an exam on the contingency date due to a holiday, social event or similar.

You will be informed if you need to attend an exam on the contingency date as early as possible.

Statement of Entry

All candidates are issued with a statement of entry in the spring term. It shows your name, exam number, UCI number and the subjects you have been entered for. The statement of entry shows your legal name and is the name that will be on your certificates. You must carefully check the information shown and inform the Exams Officer of any errors, without delay.

Centre Number

The Purcell School's centre number is **17610**. The centre number will be displayed in the exam room and must be written on all of your exam papers.

Candidate Number

Every candidate is allocated a four-digit exam number. You must remember your number. You will need to write it on all of your exam papers.

Unique Candidate Identifier (UCI)

Every candidate is allocated a UCI number (12 digits & 1 letter). Your UCI is for administration purposes and you do not need to write it on your exam papers. Your UCI will be on your statement of results and any subsequent school, college or university you attend will need this number.

Examination Timetable

You will receive a personal timetable. You must ensure that you know the dates, start times and venues for all of your examinations. It is your responsibility to arrive on time.

A few candidates will have a 'clash' where two subjects are timetabled at the same time. The school will amend the timetable accordingly for these candidates only. These candidates will be under formal supervision between exams.

Examination Regulations

All candidates must read and understand the JCQ and/or CIE information provided in this booklet. Anyone caught breaking any of the examination rules could be disqualified from all subjects. The Purcell School will report any breach of regulations to the exam board immediately.

Access Arrangements

If you have a disability, learning difficulty or health issue, any allowance must be agreed in advance with the Head of Learning Support, who will liaise with the Exams Officer.

If you need to take medication during your exams, arrangements must be made with the Exams Officer.

Attendance

Examinations usually start at 09.00 and 13.30 unless otherwise indicated on your timetable. It is your responsibility to know the date, start time and location for each exam.

Registration will take place outside your exam room, 20 minutes before the exam start time. You must arrive on time for registration.

If you miss a public examination, you **cannot** take the exam paper at another time.

If you know that you are going to be late you must contact the school immediately on 01923 331100 and leave a message for your Head of Year and the Exams Officer.

Candidates who arrive late may still be allowed to sit the examination. The exam will start without you. If you are a little late, you will be allowed to sit the examination and will be given the full time, but it will be at the discretion of the exam board whether they accept your work.

If you are seriously ill and special arrangements need to be made for you to sit the exam in isolation, you must contact the school as a matter of urgency. The exam board will require medical evidence to justify any special

arrangements. If you are too unwell to take your exam, the exam board will make a decision about what happens next.

Absence from Examinations

If you experience difficulties prior to or during the examination period, e.g., illness, injury or personal problems, please inform your Head of Year at the earliest opportunity so they can help and advise you.

If you do not attend an exam due to illness, it is essential that you inform the school as soon as possible prior to the start of the exam. You must obtain medical, or other appropriate evidence, detailing the reason for non-attendance and this must be given to the Exams Officer without delay.

If you miss an exam, you will not be allowed to sit it at a later date. The exam timetables are regulated by the examination boards.

Please note that oversleeping or misreading the timetable will **not** be accepted as a satisfactory explanation of your absence.

Exam Room Equipment

It is your responsibility to ensure that you arrive with the correct equipment which must be placed in a transparent pencil case. Do not overfill your pencil case. All equipment must be visible to the invigilator at all times.

All examinations require a black pen; this is because exam scripts are scanned.

You should have pencils, spare black pens, an eraser, ruler and sharpener together with specialised equipment, e.g., mathematical equipment, such as a protractor or compass.

You are **not** permitted to:

If you are found to have an unauthorised item during an exam (even if turned off), it will be taken from you and you will be reported to the examination board. There are **no** exceptions to this rule.

Make sure your calculator conforms to the examination regulations. If in doubt, check with your teacher.

Remove the cover/lid and instructions before going into the exam room. Ensure the batteries are new.

- If you have a problem or concern during the exam, you must let the invigilator know so it can be resolved while your exam is still in progress.
- You will not be allowed to leave the examination early. If you finish your paper early, use any time remaining to check over your answers.
- At the end of the examination all work must be handed in – remember to cross through rough work with a neat single line.

- Question papers, answer booklets and additional paper must not be taken from the exam room.
- You will be dismissed by the invigilator and must remain silent until you leave the room.

- If the emergency alarm is activated during an examination, the invigilators have been informed that they must take action in accordance with the JCQ regulations.
- If you have to evacuate the room, follow the instructions of the invigilator. Do not panic.
 - Leave everything on your desk.
 - You must remain silent. Do not attempt to communicate with anyone during the evacuation.
 - You will be escorted to the assembly point which will be away from the rest of the school.
 - You will be escorted back to the exam room.
 - On your return, do not start writing until you have been asked to do so.
 - You will be allowed the full duration for the examination and a report will be sent to the exam board detailing the incident.

Invigilators

The school employs external invigilators to conduct the examination in accordance with the regulations of the examination boards. You are expected to behave in a respectful manner towards the invigilators and to follow their instructions, at all times.

Invigilators will distribute and collect the examination papers; tell candidates when to start and finish the exam; hand out additional paper; deal with any problems, which may occur.

Invigilators cannot discuss the examination paper, read or explain any of the questions to candidates. If you fail to follow the invigilator's instructions it will be classed as Malpractice and must be reported to the exam board. This may result in sanctions being issued.

All exams staff and invigilators are governed by strict guidance from the examination boards to ensure that all exams are conducted in a regulated way in fairness to all candidates.

While we like to share our experiences online, when it comes to exams, we have to be careful.

- Sharing ideas online can be helpful when you're studying or revising
- However, sharing certain information (see information on the right) can break the rules and could affect your results
- If you're not sure what you can and can't discuss online, check with your teacher
- If you receive exam content on social media, you must tell your teacher
- Don't be caught out by scammers selling fake exam papers

JCQ Things to do on social media:

- Have fun
- Be responsible
- Report any exam content you see to your teacher

JCQ Things not to do on social media:

- Buy/ask for/share exam content
- Pass on rumours of what's in exams
- Share your work
- Work with others so that your coursework is not your own independent work

JCQ If you do any of the above activities, you may:

- ! Receive a written warning
- ! Lose marks
- ! Be disqualified from a part of or all of your qualifications
- ! Be banned from taking assessments for a number of years

Please take the time to familiarise yourself with the JCQ rules:

What is AI?

- AI stands for artificial intelligence and using it is like having a computer that thinks
- AI tools like ChatGPT or Snapchat My AI can write text, make art and create music by learning from data from the internet, but watch out – they can also make things up and be biased

How can AI be misused in assessments?

AI misuse is when you take something made using AI and say it's your own work.

THIS IS CHEATING!

How do I make sure I don't misuse AI?

1 Know the rules

- You're **not allowed** to use AI tools when you're in an exam
- Your teachers will tell you if you're allowed to use AI tools when doing your coursework – the rules will depend on your qualification
- Even if you're allowed to use AI tools, you can't get marks for content just produced by AI – your marks come from showing your own understanding and producing your own work

2 Reference reference reference!

- If you're allowed to use AI tools, you must reference them clearly
- Name the AI tool you used
 - Add the date you generated the content
 - Explain how you used it
 - Save a screenshot of the questions you asked and the answers you got

3 Declare it's all your own work

- When you hand in your assessment, you have to sign a declaration. Anything without a reference must be all your own work. If you've used an AI tool, don't sign the declaration until you're sure you've added all the references

What happens if I misuse AI?

If you've misused AI, you could lose your marks for the assessment – you could even be disqualified from the subject.

DON'T RISK IT!

REMEMBER
Misusing AI is cheating!

Know the rules
Talk to your teachers
Reference clearly

Information for candidates

Coursework

Coursework provides you with an opportunity to do independent research into a topic that interests you. You will probably look for information in published sources, images, and via multimedia, including the internet. Using information from all these sources is a good way to show your knowledge and understanding. Take care how you use this information – do not copy it and claim it as your own work.

What can I do to be academically honest?

- Make sure you understand all instructions given to you. Ask your teacher if you are not sure
- Learn how to correctly reference your work. Include references for all sources you have used, not just books but also internet sites, images etc.
- If you work within a group, make sure your contribution is your work, using your ideas
- Acknowledge the work of others
- Allow enough time to finish your work so you are not tempted to rush and leave out references.

What you must not do

- Do not allow others to have access to your work. You will be held responsible if it is copied
- Do not copy another person's work and pretend it is your own. This includes the work of other students, books, images and web pages. This is known as plagiarism
- Do not make up or invent data or findings. This is called fabrication
- Do not accept help and input from another person, or work collaboratively when this is not allowed; for example, working with a classmate on an assignment and then submitting it as entirely your own work. This is called collusion.

Full Centre Supervision

Your exam board, Cambridge International Education, has candidates in over 160 countries. It is really important that question papers are kept secure so that the exam is fair and that all candidates get the marks they deserve. To help keep the question papers secure the exam board asks your centre to supervise you at particular times around your exam. We call this 'Full Centre Supervision'. You must follow the rules for Full Centre Supervision. If you do not, you may not be allowed to take the exam, your paper may not be marked, or you may not receive a result.

Full Centre Supervision rules

- Full Centre Supervision sessions can take place before or after your exams. You must attend all sessions and arrive in good time
- Your centre will tell you the dates, times and venues of your Full Centre Supervision sessions
- If you arrive late, report directly to the person in charge of the session

- You are not allowed to have mobile phones or use any communication device, including the internet, during Full Centre Supervision
- You can have books and revision notes with you during Full Centre Supervision, but you must not take them into the exam
- You can talk to each other during Full Centre Supervision, but you must not talk during the exam
- Do not leave the room until you are given permission to do so
- If you need to leave the exam room you must be supervised by a member of staff
- If you feel unwell during Full Centre Supervision tell the person in charge of the session.

On the day of the exam

You must:

- be on time for all exams and any periods of Full Centre Supervision
- follow the instructions of the invigilator
- leave all used and unused exam materials in the exam room.

You must not:

- have any unauthorised materials in your possession
- talk to, attempt to communicate with, or disturb other candidates once you have entered the exam room
- be involved in any unfair or dishonest practice before, during or after the exam.
